

**SOCIETY OF ST. VINCENT DE PAUL
ARCHDIOCESAN COUNCIL OF ST. LOUIS**

... HELPING NEIGHBORS STARTS AT HOME ...

Air Conditioning Program

Our window air conditioners are meant to help our most vulnerable Neighbors - the elderly, sick or disabled, and families with young children - withstand the summer heat.

To Request Council Support:

1. [Complete Council Program Form in full](#)

Once the paperwork is received, a staff person at the Council Office will contact you to pick up the air conditioner from the Council Office and deliver it to the Neighbor. If the air conditioner was provided by Heat Up St. Louis, the Council Office will provide you with a special release that must be signed by the Neighbor and emailed to the Council Office.

NOTE: If the Neighbor requesting an air conditioner is a homeowner in need of an HVAC repair, it may be more beneficial to help repair or replace the system using the Bridges Program.
